SUMMARY

Data Science and Full Stack Development enthusiast pursuing a BS in Data Science from IIT Madras and a B.Tech in Computer Science Engineering from BVRITH. Strong foundation in Python, C, and Java with experience in AI-driven applications, research internships, and hackathon-based problem solving.

EDUCATION

- **B.Tech in Computer Science Engineering, BVRITH:** GPA: 8.9 (2023–2027)
- **BS in Data Science, IIT Madras:** GPA: 7.4 (2023–Present)
- **Intermediate, Resonance Junior College:** GPA: 9.3 (2021–2023)
- **St. Andrews High School:** GPA: 9.2

TECHNICAL SKILLS

- **Languages:** Python, Java, C, MySQL, JavaScript, HTML, CSS
- **Tools:** GitHub, VS Code, Excel, Tableau, LaTeX, DevOps
- **Concepts:** DSA, Statistics, Probability, Operating Systems, Computer Networks

PROJECTS

Sentinel Secure AI: Agentic AI Streamlit app for fraud analysis, transaction simulation, and document Q&A using LangChain.

Tranquilink: (Smart India Hackathon first-round qualifier) Digital mental health platform for college students with features like mood tracking, anonymous peer support, and resource recommendations, focusing on accessibility and user privacy.

To-Do List App: Full-stack MERN application with JWT authentication and RESTful APIs for task management (CRUD, prioritization, filtering); deployed using Vercel, Render, and MongoDB Atlas.

Weather Forecasting App: Python GUI app using APIs for real-time and 5-day forecasts.

Energy Audit Tool: Web app to estimate appliance-based energy usage and costs.

Banking System: C-based CLI system for managing bank accounts and transactions.

INTERNSHIPS

Research Intern –IIT Hyderabad, Federated Learning for Medical Imaging:

Currently working on building a federated learning model for breast density (BI-RADS) classification using distributed mammography data, focusing on improving model performance while preserving patient data privacy.

Swecha Telangana: NLP-focused internship covering LLM fundamentals.

CERTIFICATIONS & ACHIEVEMENTS

Certifications: Python, MySQL, CSS (HackerRank); Full Stack (Udemy); Azure DevOps (Coursera)

Hackathons: Adobe India Hackathon (Round 1), Flipkart Grid 7.0, SIH Participant

Others: Wolfram University-Data Visualization Level 1; CSI Bug Bounty (Synergia 2K25)

ADDITIONAL INFORMATION

Languages: English, Hindi, French, Telugu

Soft Skills: Communication, Teamwork, Leadership, Time Management

Extracurriculars: Karate (Black Belt, National Gold Medalist – KATA), CSI Chapter Member, French Tutor

Interests: Baking, Painting
